Sales Tax Measure on August 8th Ballot

The Board of Trustees of Caruthersville Public Library is asking voters to approve an ½ cent sales tax increase on the August 8th ballot. The tax that the library utilizes now was voted into being with the start of the library in 1923. With the increased new materials and programming and a decrease in memorials and honorariums, which the generous citizens of Caruthersville have donated to the library, it is now time for an increase in our funding to continue the high level of service we are now providing for residents. This will also allow those citizens who use our library but do not own personal or real estate property to contribute to our library with their spending at local businesses.

All precincts in the city of Caruthersville will vote at Caruthersville Public Library for this election only and we hope that we can count on your support so that we can sustain and even increase the variety of activities and the selection of fine materials that we offer to residents in this area.
