## Summer at Caruthersville Public Library

The summer of 2017 means a very busy time at our library. Fishing rods and tackle boxes continue to be checked out at a rapid rate and fishing classes for kids will begin on June 13 with Kamaria Pearson from the MO Dept of Conservation. Those children participating will receive a \$25.00 Bass Pro gift card that can be used at the store or online.

Bike Club also continues. Bicycles and helmets provided by the Healthy Communities grant through the Pemiscot Initiative Network are being checked out by youngsters in grades 3-6, after completion of training, each day for their enjoyment.

Finally, our summer reading program – “Build a Better World” - is bringing about a number of events. Tuesdays are storytimes and activities, as well as nutrition info from Mrs. Dawn Jordan. Wednesdays are children’s movie days, Thursdays are “Crafternoons”, when children can let their creativity run free with hands-on activities and crafts.

## Missouri Public Library Directors Association Elects Tidwell

President for 2017-2018

Caruthersville Public Library Director Teresa Tidwell was recently elected president of a state-wide group of public library directors from across the state of MO. She will serve in this leadership role for the next two meetings– at Osage Beach in December and in Joplin in June of 2018.

“We are proud for our library to be represented in this way, as it brings recognition to both our city and our library, allowing those in other areas of the state to know where the Bootheel is and to see some of the things we are doing here”, said Tidwell.

### Laptop Computers for Programming Now Available

Five new laptops are now available for special programs for our patrons. This technology was made available to our library in order to improve library service through the use of federal Library Services and Technology Act (LSTA) funds. These grants are based on LSTA priorities and Missouri State Library goals as approved in the LSTA five-year and state fiscal year project plans.

Beginning June 9 at 10 a.m. is “Prime Time” for those 50 years of age and over. Computer training and advice will be provided to those who are interested in becoming competent on the computer, using specific software or websites. Subjects in June will be e-Mail, cyber safety and security, Facebook and Pinterest.

Also beginning June 9 at 4 p.m. is “Hour of Coding” for children in grades 5-8. Children will learn the basics of computer coding in a non-threatening way to become used to this system to begin programming.
